

## REPAIRS, LIGHTS, PLAY SEEN NEED BY M.S.J. YOUTH

Mission San Jose youngsters Monday night told their elders what they think their town needs.

The occasion was a session of the MSJ Chamber of Commerce which was taken over by members of the new Junior Chamber that community.

Sample projects urged by the 'teen-agers include:

1. Removal of abandoned buildings on Bryant Street. "They are a fire hazard, an eyesore, and are dangerous to little kids who play in them," declared Becky Overacker. "Besides—bums sleep there and we don't want bums in our community."
2. Repair of school grounds. "Basketball and volleyball courts need resurfacing," reported Dewayne Hill. "The fence is three-quarters down on the ground."
3. "Street lights in the middle of Ellsworth and Bryant," recommended David Koelsch.
4. "Sidewalks on the main street," added Shirley Cunha. "People fall down and hurt themselves, and cars block the passageway."
5. Angled white parking-lines on Vallejo Street. This was the idea of Thor Olsen who pointed out cars parked helter-skelter make it hard to get in and out of parking spaces.
6. Speed limit signs on the Irvington Road, asked by Stanley Caires.
7. A playground supervisor for children at the school, requested by Gordon Agrella.

"I was supposed to talk about trimming the trees too," commented David Koelsch, "but this afternoon somebody beat me to it and trimmed them."

The senior chamber members, who sponsored the Youth Night, reacted quickly to the suggestions. Several are parents of the Junior Chamber representatives. Chamber President Michael Overacker asserted playground improvements have been delayed because the district hopes to have a new school soon.

"When we get the school," he promised, "it will be first class. The playground can be used for week-end play."

Herman Medeiros promised to contact the owner of the ancient structures on Bryant Street and ask if they cannot be demolished. He also approved the idea of the speed limit signs, but pointed out the state will pay for street lights only at dangerous intersections.

Maurice Marks agreed with the sidewalk suggestion, but asked if the county will not provide funds for playground supervisors. Overacker promised to investigate.

Fernandez said Warm Springs is surveying the possibility of a plunge at Washington Union High School, and Mrs. Lois Bottenberg moved that Mission San Jose join this investigation. The motion carried.

Overacker thanked Fernandez for the suggestions and the session adjourned.

QUEEN of the Alvarado Holy Ghost Festival in Alvarado last week-end was Jo Ann Castro of Mission San Jose.

## LESLIE, S. P. BUY NEWARK TRACT

In what is described as the largest land transaction in Southern Alameda County this year, 520 acres of pasture east of Newark was sold last week to the Leslie Salt Co. and the Southern Pacific Railroad for more than \$700,000.

The land was sold by the W. B. Brinker Ranch of Irvington. It lies on Cherry Road near Mowry. Leslie Salt bought 264 acres next to its refinery for additional salt-crystallization ponds for a reported price of \$1000 an acre. The Southern Pacific acquired 256 acres along its right-of-way for about \$450,000. A railroad spokesman said there are no immediate plans for the property.

## 'GUESS WHO' MAN NOT U.S. NATIVE

Was there a person in Washington Township who couldn't guess that last week's mystery man was Tony Alameda of Irvington?

This week's may be just as easy, but there are things about this prominent township business man you may not have known. So read on.

If you can't guess, you will find the answer in this issue of The Register.

He came to America in 1903, and celebrated his twenty-first birthday shortly after arriving here.

He, and some of his countrymen who came with him, went to Wisconsin as soon as they arrived in America, and he took a job in a paper factory, working there for two years.

He heard about the beauties of California, and came out here in 1905.

He took a job with a business firm located at 18th and Castro Streets in San Francisco, but lost his job when the 1906 earthquake and fire left the city in ruins.

The next position he held was that of a cow-milker in Sacramento.

In 1907 he came to Alameda County.

In the city of Alameda he met his wife, a native of his own country, and they were married in 1908.

In 1921 he became interested in the area around Centerville, and in 1925 he took over the old Chadbourne ranch, holding it until 1938.

It was his plant in Centerville which was first in this area to operate a certain kind of process to make safer the product he sells (if we told you what the product is, it would be a dead give-away).

In 1947, he and his wife took a trip back to their native land, Switzerland. "It took us 44 years to save the money," he laughed. He has never regretted coming to this country, and is very proud to see Washington Township grow as it has.

Guess Who!

## NILES SCHOOL GIRL TAKEN BY DEATH

Lupe Eleazararaz, 14, who would have received her diploma at graduation exercises from the Niles Elementary School in June, died Wednesday at Children's Hospital following an operation.

The daughter of Mr. and Mrs. Anacleto Eleazararaz of Niles, she is survived by twelve brothers and sisters.

## HILLVIEW WILL BUY SURVEY OF GOVERNMENT

Homeowners in Hillview Crest are uniting to finance a survey which will recommend the best kind of government for the tract.

This word came today from Peter J. Lojo, attorney and Hillview resident, who heads the Hillview Crest Volunteer Committee.

Lojo said his group and the Homeowners Association led by King Coale have informally agreed to cooperate in raising \$2 per home in the 600-home tract to finance a survey by Robert J. McNeill, of the University of California's Bureau of Public Administration.

The attorney said the survey can start as soon as McNeill's \$500 minimum fee is collected.

Lojo also said the City of Hayward "doesn't want any part of Hillview Crest for the present," and cited talks he has had with Hayward officials.

Hayward has been "very cooperative," he added, in providing water and sewage connections for the tract, which is five miles south of Hayward and less than a mile north of Decoto.

Lojo said Hayward's city manager, John R. Ficklin, has notified him his city council has agreed to pro-rate its \$25-a-year charge for sewer connections in Hillview. The city will credit payments on its 1952-53 bills to be rendered July 1, according to Ficklin's letter.

The reimbursements come because Hillviewers did not move into their homes until last fall.

Hillview's switch of mailing address from Decoto to Hayward last week caused alarm in some local circles which felt the subdivision ought to remain in Washington Township.

## W.U.H.S. MENTORS GET \$400 RAISE

Thirty-six teachers and administrators at Washington Union High School will receive \$400 raises for the school year starting July 1.

This announcement comes from the school's Board of Trustees. The trustees also announced that 15 clerical or maintenance workers will get flat \$25-a-month wage boosts.

"These increases are salary-schedule adjustments, and not cost-of-living raises," Dist. Supt. J. V. Gould explained today.

Salary brackets for teachers now range from \$3500 to \$5120 per year, the lower figure being \$100 above the state-recommended minimum, Gould said.

Last year the teachers received a \$300 raise. Both increases were solicited by the Washington High Faculty Association.

## POPPIES FOR WAR DEAD MAY 23-24

"Wear a poppy to honor the war dead and aid war's living victims."

This is the appeal that will be made to Washington Township by the American Legion Auxiliary on Poppy Days, May 23 and 24, says Mrs. Bette Pool, poppy chairman of Unit No. 195 of the Auxiliary.

Women of the Auxiliary will be on the streets throughout both days, offering the symbolic memorial poppies and receiving contributions for the Auxiliary.

## TOWNSHIP VOTES ON SCHOOL BONDS, TRUSTEES TODAY

Ten school district elections will be held in Washington Township today, including one on a \$100,000 bond issue and another pitting a veteran trustee against a young newcomer.

The \$100,000 bond election as Mission San Jose is paired with a vote to continue the extra 50-cent tax rate in that district. In Decoto, Manuel White, clerk of the board of trustees since 1943, faces the township's sole opposing candidate in the person of Frank Kowalewski, who lives in Hillview Crest.

Trustees also are to be named in the other seven elementary school districts and for Washington Union High School, with polls closing either at 6 or 7 p.m.

# M.S.J. OLDSTER SURVIVES ORDEAL

## Lost, Eats Grass for Week

By STUART NIXON

His wife today hailed as "a miracle" the survival of 74-year-old Robert Thompson, Mission San Jose man who lived for a week on grass stems after collapsing in a hayfield two miles from his home last Friday.

Thompson, object of a 7-day search by sheriff's deputies, Boy Scouts and half the population of Mission San Jose, was found yesterday at 3:45 p.m.

## NILES WOMEN TO FIGHT CANYON TRAILER COURT

Mrs. Edna Overacker, president of the organization which sought to make a public park of the Vallejo Mills property at the mouth of Niles Canyon, today vowed to fight construction of a trailer court on the property.

According to officials of the city of San Francisco, which owns the property, it has been leased for this purpose to Edwin C. Thomas, an executive of the Pacific States Steel mill.

"That doesn't tend to improve Niles," Mrs. Overacker said today. "The women of Niles oppose a trailer court there. They want it for a park."

Mrs. Overacker heads the Niles Women's Club, which in recent months tried unsuccessfully to have San Francisco permit a public park on the site.

In San Francisco, John Brucato, superintendent of the agricultural division of the City Water Department, stressed that the acre-and-a-half on which the ruins of the historic mill site will not be a part of the lease to Thomas.

Brucato said the mill ruins are part of another lease which expires at the end of this year. He suggested some local organization might be interested in having the property.

However, Mrs. Overacker and Mrs. James Whipple, also a backer of the park plan, agreed that unless the 7.8 acres leased to Thomas are included, the mill part will be worthless.

The trailer court lease is conditional on an ok from the Alameda County Planning Commission, however, and commission members and officials have hinted informally that this may be impossible to obtain.

Brucato said Thomas must build "a first-class court" on the site "within two or three years," or the lease will lapse. Brucato said he thinks such an establishment will "improve the looks of the Canyon."

Brucato also disclosed another man who leases Canyon land from the city—Lloyd Barks—is planning a commercial fishing pond at Joyland, some distance upstream. Permission for this enterprise already has been granted.

Barks today disclosed he is a partner with Thomas in the trailer-court enterprise. He said they plan to spend \$50,000 on the site, fencing and installing sewage and sanitary facilities, building a playground, and laying blackout.

"If we can't get permission for a trailer camp, then maybe we will build an auto court," Barks announced.

## FOREMOST FORGER OPERATES HERE

Local merchants are warned to be on the lookout for Walter Demeter, about 40, California's most notorious bad-check artist, who last week reportedly victimized a businessman here with a \$75 draft.

Sheriff's Capt. Richard Condon said Demeter, tall and heavy set, passed the check by forging the signature of a well-known township man, then representing it as a payroll check.

Demeter—who has a spectacular prison record and a hundred aliases—has been sought by police throughout California for several years.

THE BARBER SHOP QUARTET—all set to perform tomorrow night at Newark's "The Good Old Days." Shown are Jack Croop, Carl Pierce, Avery Grace, and Ed Walters. The benefit show is being held at the school.

## PEERLESS DRIVERS BACK AT WORK

Washington Township had public transportation north and south again this week, as Peerless bus drivers ended their week-long walk-out Wednesday morning.

The AFL stage drivers went back one day after Greyhound drivers settled their 2-months strike against the larger company.

## WIRES CROSS, SO THERESA TRAVELS

Mommie thought she was with Daddy and Daddy thought she was with Mommie—so 17-month-old Theresa Manuel, 761 Third Street, Niles, thought it was a good time to take a trip.

Monday evening curly-headed Theresa trotted several blocks from her home to the corner of First and H, where she was discovered playing in the street by Ben Murphy of the Berge Mortuary Co., whose office is nearby.

Murphy picked up the tot, summoned sheriff's officers, and the deputies restored the tearful miss to her parents, Mr. and Mrs. Ernest Manuel, after less than an hour's absence.

## VISKING CHIEFS

Officials of the Visking Corporation of Chicago were in Centerville this week to look over the site of a \$400,000 plastics plant they intend to build this year.

Robert McDowall and Russell Pierce, engineers for the firm, were guided by Gene Manning, secretary-manager of the Township Chamber of Commerce, which promoted the deal.

McDowall and Pierce told Manning they will start construction as soon as the present Bay Area carpenter's strike ends. They added they hope to employ 60 local men as soon as the plant is finished—presumably next January.

The plant will be built of concrete, glass and corrugated Transite, and will be handled by a San Francisco contractor. It will be located on Blacow Road near Central.

## CORPUSCLES WILL GET DONORS INTO OAKS BALL GAME

There's still time to get a free ticket to an Oaks baseball game—by giving a pint of blood for the Armed Forces.

Every blood donor in Alameda County during the month of May will receive a ticket good for one game at the Oakland Baseball Park during the 1952 season. It is not necessary to use the ticket during May.

Residents of Washington Township may make appointments to give blood at the Red Cross blood mobile unit stations on May 19 at the Veterans Memorial Building, Niles. Telephone Centerville 8-8359 for appointment.

She was taken to Fairmont Hospital, where she is said to be recovering. Mrs. Crockett's husband is reported in New Jersey. The couple has three small children.

## KRAFTILE DEALERS HEAR COMPANY PLANS TO KEEP PACE WITH STATE GROWTH

Nearly 100 tile dealers and industry figures were guests of Kraftile Company of Niles last Tuesday for luncheon and a tour of the Kraftile plant.

After a welcome by the firm's president, Charles Kraft, the dealers heard Production Manager Leslie R. Alt declare:

"Our long-range plans are laid. Now all we have to do is find the money to finance them."

Alt said the company last year spent \$145,000 for such plant improvements as conveyors, automatic equipment and electrical screens.

"They are unique in the industry," he asserted.

The dealers, lunching at the International Kitchen, also heard W. I. Lane Jr., Sunset Magazine executive, predict California will gain 1,000,000 homes in the next eight years.

"You can imagine what future

that projects for your industry," Lane commented. "It looks bright for home construction and remodeling."

Other speakers included Walter Schulte, Kraftile merchandising manager; Jack McDonald, comptroller; and James B. Crawford, sales manager.

Following the luncheon, Kraftile officials took the dealers—who represented most of Northern California—on a tour of the plant.

The annual affair is the third held by the company.

## AAA SERVICE NOW IN CENTERVILLE

"Am I supposed to be glad you're big?"

Many people write us such comments as this: "I've heard people talk against big companies like you. Lately I've been reading your statements about bigness. Am I supposed to be glad you're big?"

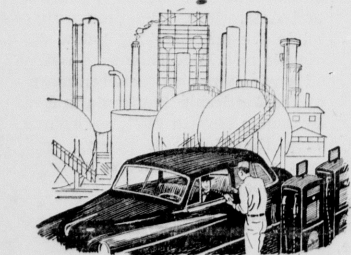

The answer to this question depends on your answer to certain others. Some people have come to feel that bigness itself may be bad. Consider the good that comes from this same bigness.

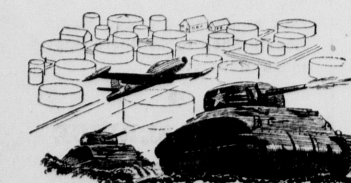

Do you like new and better things? Standard has spent over \$35,000,000 on research and technical service in the last 5 years, developing new or improved products, and new raw materials for other companies. Yet only when allowed to grow big, by serving you better, can we take on the work and risk involved.

Are you glad you have the conveniences of this "machine age"? They depend heavily on oil. You're assured an ample supply of oil by the enterprise of big companies like Standard. We seek out new crude reserves, in this country and abroad, with exploration that may cost millions before the first gallon is found.

Do you like a bargain? You're getting one in gasoline. Except for taxes, gasoline today costs just about what it did in 1925. (And it's better gas; 2 gallons now do work that then took 3.) Why? Largely because of competition among big oil companies.

Do you want to keep your country strong? It takes big companies to back our fighting men and keep defense goods in full supply. Standard is at work for our government on aviation gasoline, atomic research, synthetic rubber, and other vital projects.

Obviously, there are countless ways to express the benefits you gain by our bigness... countless questions we could ask, to which you'd probably answer "yes" just as readily. And if you like the things that bigness brings, then you can be glad we're big.

Those planning to attend the dinner party include the Howard Overackers, Tom Robbins, Earl Mackintoshes, Henry Vervaises, Will Lamoreuxs, John Cortners, Clifford Johnsons, John Whipples, and Bob Fishers. Unable to attend are Mr. and Mrs. L. R. Batman.

## Off to Chicago

Mr. and Mrs. Paul Offel of Niles are motoring east to Chicago, refusing to be discouraged by the reported gas shortage. "We've planned this trip for a long time," said Mrs. Offel, "and since Paul gets his vacation now, we hate to put it off. We're only hoping," she said, "that we don't get stranded out in a desert some where."

They left Thursday morning and will stop off at Lincoln, Nebraska, before going on to Chicago.

## Niles Girl Marries University Student

Mary Lou Abney, daughter of Mr. and Mrs. I. D. Abney of Niles, and Harold Knight, student veteran at the University of California, said their "I do's" last Saturday at the Christian Church in Reno.

Accompanying them to Reno were the bride's sister and brother-in-law, Mr. and Mrs. Bob Froso of Niles.

The newlyweds are making their temporary home with her parents.

## Irvington Family At Journey's End

Mr. and Mrs. Frank Delgado of Irvington are convinced that every cloud has a silver lining. Come floods, come fires—the Delgados can take it, and come up smiling.

Last New Year's Eve their home on Broadway in Irvington was burned, almost to the ground, and they and their three children moved to Alvarado with friends, the Frank Ripollis. Then the floods came to Alvarado, and the Delgados packed up again, and moved to Decoto.

As of last Saturday, they are again residents of Irvington. Their home has been completely remodeled. "It's almost like living in a brand new home," said Mrs. Delgado, who has recovered from all of her harrowing escapades and is now enjoying her home in Irvington again.

## Newark Girl Signs Contract

Lyle of Petaluma, when the two women departed on a cross country journey to New York. From there they will sail on the Queen Mary to Europe for a two months' vacation tour.

Also seeing them off was Mrs. O'Brien's daughter, Mrs. Charlene Sylvestri.

The two women, both former Niles residents, expect to see Paris, London, and the Scandinavian countries. They will visit cousins in Denmark.

## HOSPITAL FACES FIGHT OVER SUIT

Mrs. Lillian I. Scott of Niles today said she will fight condemnation proceedings brought against an estate in which she shares.

The proceedings are slated to be brought by the Washington Township Hospital District, which plans to build a 50-bed hospital on property owned by the estate on Santos Road.

In last week's report of the hospital board's proceedings, it was erroneously stated that Mrs. Scott offered to settle if "the deal" contained the proviso that the land would revert to the estate or heirs if not used for a hospital. This should have read "the deed."

When television took the entertainment limelight, there was some question as to what it would do for music. That question has been answered by the up-and-coming popularity of musical performers on Video. Favorite singing stars and instrumentalists have invaded TV and

are fast taking over top-spot honors. Fred Waring was one of the first to hit the musical jack-pot with his orchestra and chorus. Paul Whiteman added up the score with his show for teenagers. Then the song-makers started hitting the TV trails in droves.

That "music hath charms" is beyond a doubt. Specially when such a vocally lovely as Dinah Shore steps into the spotlight to give you a sweet rendition of your favorite song. And along with Dinah are hundreds of your favorite tune-sters to make music better than ever before. On TV you not only hear it... but you see it to the dramatic accompaniment of beautiful costumes and exotic backgrounds. We'd say TV is giving us all something to sing about.

And for easy viewing of your favorite stars, set the stage with Admiral, the quality television with the superior lens. Stop in anytime and choose your favorite model. We're here to help you with the best in sets and the finest in service and installation at

## DILEMMA No. 1

Lu Silva, who makes those delicious enchiladas at the Peerless Bus Depot in Niles, was in a dilemma last week.

Groups of children were coming in at noon time, appropriating the booths, getting out their lunch bags, and ordering GLASSES OF WATER!

This certainly would come under the "now we've heard everything" department, but Mrs. Silva solved it definitely and permanently, without hurting any of the children's feelings. She simply nailed little placards up over each booth: NO SERVICE LESS THAN TEN CENTS PER PERSON.

## DILEMMA No. 2

Mrs. Evangeline Koehl, Niles librarian, was also in a dilemma last week. Also with children.

There are three little boys. One is Bobby, one is Robert, and one is Bob. They all have the same last name. They are cousins.

There's nothing wrong with three little boys all having the same last name, of course—and the same first name—except that they have capitalized on it. Which is rather smart, at that.

When it comes time to pay fines on overdue books, Bob will say, "That's Bobby's"; Robert will say, "That's Bob's," and Bobby will say, "That's Robert's."

Mrs. Koehl was getting so confused at this point that it was fortunate one of the fathers came in one evening and paid ALL the fines, saying, "Well, if they're not for my own kid, they're for my nephews, so what's the difference?"

## NUMBER THREE

Another dilemma concerns myself. It does not involve children. It simply involves a childish curiosity. About people's medicine cabinets.

For years I've indulged myself in the somewhat dubious pleasure of peeking into peoples' medicine cabinets, when I find myself in a strange bathroom. I suppose I should be psycho-analyzed, but I simply cannot resist opening that little cabinet door. (Is there anyone else afflicted with this malady?)

It is a fascinating study—medicine cabinets. Most people, I have found in my survey, have most everything but medicine in their cabinets. But there are all sorts of other interesting things. You would be surprised, or—do you already know?

Anyhow, as I said, I am now in a dilemma. I peeked into a medicine cabinet once too often.

I was in a friend's home the other day, and ran into the most interesting array of bottles in her bathroom cabinet. The better to

explore, I moved them about. Later in the evening she asked, "How is your headache?"

"My headache?" I asked, bewildered.

"Yes," she replied, "I noticed that the aspirin bottle was turned the other way, so I assumed that you had taken some."

How glad I was I hadn't touched her bottle of Chanel No. 5!

## SPLITTING THE VOTE

A local couple who can't make up their minds about which judge to vote for have come to a solution of the problem. The husband will vote for Judge Quaresma; the wife will vote for Judge Norris.

"It's the only political contest we can't make up our minds about," said the husband, "so we have to do it this way."

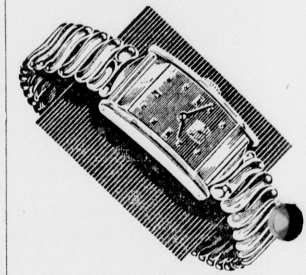

Looks as though the judge contest might end in a tie, if this idea of splitting the family vote gains in popularity.

(More than 30 per cent of the U.S.' \$10 billion imports were raw commodities.)

Say you saw it in The Register.

### MRS. L. W. MUSICK LEADS DISCUSSION OF MOODY'S 'LITTLE BRITCHES' AT DECOTO

By ETHEL AVILLA

"Little Britches" by Ralph Moody was the book reviewed and discussed last Wednesday by the members of the Decoto Discussion Group when they met at the home of Mrs. Florence Wallace, hostess.

Mrs. L. W. Musick led a discussion of the events surrounding the lives of the Moody clan when they moved from New Hampshire to Colorado.

Parts of the book enjoyed most by the group was Ralph's description of his school days, hay-

ing time, his learning to be a cowboy, and his friendships with Hi, the cow poke, and Two Dog, the Indian. The real theme of the book is the beautiful relationship between Ralph and his father. His boyhood was as happy, as exciting, and as full of fun as ever a man had.

Mrs. Clifford Johnson will entertain the group in June in her new home in Atherton. Mrs. Jean King, leader, has chosen "These are the Russians" by Lauterbach, for her meeting.

### At Menlo Circus Club

Members of Niles Girl Scout Troop No. 94 enjoyed a trip to the Menlo Circus Club this week, and were properly thrilled at the swimming meets, the water ballet, and—most of all—seeing Esther Williams and her husband, Ben Gage.

Mrs. George Roeding accompanied the group which included Diane Roeding, Marian Hempel and Marilyn Lorenson.

### Beautiful Women!

Corporal Harold Alameda wrote a letter to his parents, Mr. and Mrs. A. E. Alameda of Irvington, telling about a trip from his base in Germany, to Copenhagen. "I can see now why so few Norwegians leave their country. It's because they have a corner on beautiful women."

### Bridal Shower at Palace Hotel

Dolores Quartaroli of Niles, who will become the bride of Robert Anderson, also of Niles, on June 15, was the honoree at a pre-nuptial lingerie shower given for her at the Palace Hotel in San Francisco by her aunt, Mrs. Judy Bertolucci of San Francisco.

The bridal theme was carried out on an all-white table, with arrangements of gardenias, stock and delphinium.

The guests included Mmes. Marion Baiocchi, Alice Quartaroli, Dagny Anderson, Norma Burns, Susan Smith, Sophie Quartaroli, all of Niles; Mmes. Emma Bertolucci, Julia Monahan, Helen Bertolucci, June Guilanelli, of San Francisco; and the Misses Thelma and Jackie Biale of Niles; and the Misses Mary Monahan, Ann Monahan, Doreen Guilanelli and Mary White of San Francisco.

The bride is the daughter of the late Peter Quartaroli and of Mrs. Sophie Quartaroli.

### Newlyweds Feted At Reception

A reception at the Newark Pavilion attended by 250 people feted the recent newlyweds, Mr. and Mrs. Leonard Laudenslager, who were married in Reno April 26. The bride, daughter of Mrs. Victor Silveira of Centerville, is the former Wanda Silveira.

The new Mrs. Laudenslager attended Washington Union High School and has been employed at the Rheem Manufacturing Company.

Mr. Laudenslager, a graduate of Washington High and a veteran of World War II, is employed at the Frieden Calculating Company in San Leandro.

For her wedding the bride chose a blue suit with pink accessories, accented by a gardenia corsage. Those who went to Reno with them and were present at the ceremony included the bridegroom's brother and sister, Howard and Elizabeth Laudenslager of Newark, and Ronnie and Bobbie Barton of Centerville.

The bride and groom are living with Mr. Laudenslager's mother in Newark, awaiting the time when their new home in Centerville will be completed.

### Sunday Barbecue

The Alfred Kings of Niles took advantage of the nice weather last Sunday and invited a group of friends in to a barbecue. Included were Mr. and Mrs. Tom Souza and Elaine, Mr. and Mrs. George King and Darlene, Henry King, Mr. and Mrs. Louise Flindt and Myron and Terry, Dennis McKenzie, Mrs. Rose Vierra, Mel and Pauline Dazzling and Mr. and Mrs. John Valles and Leonard and Ronnie.

### COMMITTEES NAMED FOR BUFFET SUPPER AT BAILEY HOME HONORING SPROULS

Mrs. Roland Bendel, president of the local University of California Alumni Club, stated this week that plans are complete for the buffet supper being given this Sunday, May 17, in honor of Dr. Robert Sproul and Mrs. Sproul, of the University of California.

The affair, to be held in the beautiful gardens and patio of the L. E. Bailey home in Centerville, will start at four o'clock when a social hour and reception will be held, followed by supper at five.

"Today (Friday) is the last day for reservations," said Mrs. Ben-

del. "They may be made with either Mrs. Lester Whitaker or myself."

Those on the committee for arrangements are: Mr. and Mrs. Alan Hirsch, Mr. and Mrs. Lester Whitaker, Mrs. Allan Walton, Mrs. Harvey Granger, Wallace Pond, David Barker, Dr. and Mrs. E. M. Grimmer Jr., Vernon Ellsworth, Mr. and Mrs. J. J. Cortner, Mrs. Warren Gravestock, Mrs. J. V. Gould, Mrs. Earl A. Fields, Clifford Dennis, Donald Graham, Mrs. T. B. Logan, Mrs. Alwin Searles, Mrs. Edgar Van Scoy, Norman Bailey, Bruce and Sandy Roeding, and Roland Bendel.

### Centerville Man Makes Altar Date

Robert Miller, son of a prominent Centerville business couple, Mr. and Mrs. Leonard Miller, will be married on June 1 to Lu Stout, daughter of Mr. and Mrs. Percy Stout of San Jose.

The young couple, both graduates of San Jose High School, have selected the Centerville Presbyterian Church as the setting for their wedding. A reception will be held at the Country Club following the ceremony.

Robert, taking a post-graduate course in business administration at San Jose State, expects to enter the service after he and his bride-to-be return from a honeymoon in Mexico.

His fiancée is employed in the offices of the Cheim Lumber Company in San Jose.

### Toyon Branch Plans Summer Luncheon

The annual summer luncheon and garden party of Toyon Branch of the Children's Hospital will be held on June 7 at the Old Adobe at the California Nursery grounds.

Luncheon will be served from 12 to 1:30, according to Mrs. Alfred Dana, chairman of arrangements.

Proceeds from the affair will benefit Children's Hospital.

### Reno Beckons Again

Married in Reno on May 10 were Patricia Holland of Campbell, daughter of Mr. and Mrs. Jack Holland, former Irvington residents, and Manuel Lawrence Bernard, son of Mr. and Mrs. Gregorio Bernard of Niles.

Accompanying them to Reno were recent newlyweds Mr. and Mrs. Gary Bellati (Anna Mae Grimmer), who were also best man and matron of honor at the ceremony.

The bridegroom is employed at Kimber's. His bride was a junior student at Campbell High. The couple will live in Irvington.

### Baby Boy for The LeRoy Brouns

Mr. and Mrs. LeRoy Broun of Centerville are again knowing the joys of being parents of a very young baby. Last Saturday they took a little ten-day old boy into their home, and the young man has already endeared himself as a very important member of the family.

His first name, Lawrence, was bestowed upon him by his big brother, LeRoy Jr., freshman student at Stanford University. His middle name, Melton, was selected because it is the name of Mrs. Broun's father.

Mrs. Broun says that, contrary to what might be expected, it doesn't take any time at all to get back into the baby bottle and diaper routine.

### Off to Oregon

Vern Batman, former publisher of The Township Register, is forgetting all about linotypes, presses, news, and such, and has taken off on a fishing trip along the Rogue River and will also visit his parents at Grants Pass, Oregon.

### Luncheon Guests

## Ever hear of this American Revolution?

This American Revolution took place without muskets, without riot, without bloodshed. But it was one of the most important in history... a "revolution" stemming from the development of the container known as

the tin can. Consider how the can-making and canning industries have bettered our economy through mass-production and utilization of modern containers for more than 1500 products:

1. These modern containers have improved public health by making available a varied and nutritious diet.

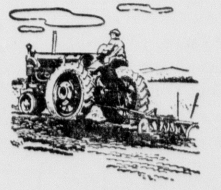

2. They have provided more and better jobs in manufacturing, processing and distribution.

3. They have increased and stabilized farm income by lifting seasonal limitations on marketing.

4. These modern containers have increased purchasing power and stimulated economic development.

5. They have turned waste-land into fertile acres, thereby increasing the property value of farm land.

6. They have made available better products packaged more conveniently and economically.

Only in America—where a free, competitive economy encourages and stimulates enterprise—could such a wonderful "revolution" have occurred.

## LUNSFORD, ARINGTON, MURAKAMI AID WASHINGTON UPSET OF S.J. TECH

By BOB HIRD

Playing heads-up ball throughout, the hustling Washington nine upset San Jose Tech, 4 to 2, last week.

San Jose, which dropped out of the SCVAL this year, had previously defeated James Lick, which now leads the SCVAL.

The Tech nine started fast, tallying twice in the first inning on four walks and two hits. From that moment on they were not able to push any across.

The Canines broke their string of goose-eggs as they scored twice in the fifth frame. Bob Lunsford, the winning chucker, aided his own cause when he batted out a triple.

With the score tied at 2-all, the battling Huskies tallied twice more in the sixth to wrap up the contest. Dick Arington, Raul Orozco and Frank Murakami each collected hits in the inning.

Dick Arington paced the Huskies at the plate, picking up 2 hits, one a long double.

Frank Murakami, the Huskies' hustling third sacker, played a sterling game, accepting 8 chances in the hot corner and never committing an error.

## TRACK, BASEBALL SEASONS DRAW TO END AT W. U. H. S.

By STUART NIXON

With final exams looming ahead, Washington High diamond-cutters and thin-clads are nearing the close of their seasons.

After yesterday's league game at Mountain View, the Husky baseball crew has only one non-league tilt at Bellarmine Monday before shelving its spikes for the year.

Coach Jud Taylor's cindermen meet Mountain View there today, then compete Tuesday in the SCVAL trials and again Friday in the SCVAL finals—both at Mountain View.

James Lick High has cinched the 1952 SCVAL baseball race with six wins and no losses. They meet Santa Clara Thursday. Other teams played yesterday.

## FREE PHEASANT CHICKS FOR KIDS

Three state game-bird farms are expecting a sell-out from their current offering of 10,000 surplus day-old pheasant chicks to commercial breeders for 25 cents each and to youth groups without charge.

More than 90 per cent of the birds are females, according to the Department of Fish and Game. Their sale was authorized recently by the Fish and Game Commission as a means of increasing production of male pheasants and cutting costs of providing birds for sportsmen.

Boy Scouts, 4-H Clubs, Future Farmers and other recognized youth groups are eligible to receive the chicks without charge, but must release them when the birds attain maturity.

Sales will be made on specified days during May and June at state game farms in Yountville, Chico and Fresno. Applications for purchase are available at the Ferry Building office of the Department of Fish and Game in San Francisco.

## Parks FAB Fete

Newly-established Parks Air Force Base at Pleasanton will present a huge exhibit of the Air Force training program at the Oakland celebration of Armed Forces Day Sunday, May 18, at Lakeside Park.

The big air training base also will hold open house on Saturday, May 17, on the occasion of its formal dedication. The event will feature public inspection of facilities, parades, troop reviews and dedication ceremonies.

Other material planned for the Parks Lakeside Park exhibit includes guided missiles, aircraft armament, various training devices and aircraft radar equipment.

## Mosquitoes Few

Winter floods in this region so far have failed to produce a mosquito problem. H. F. Gray, manager of the Alameda County Mosquito Abatement District, reported this week.

Gay said tests made throughout April did not disclose mosquito larvae around the break in the South Marsh dyke near Alvarado. He added flood waters "are receding rapidly," aided by district attempts at drainage.

## CATS MAUL LOCAL NINE — 13 TO 1

On one of those days when nothing seems to go right, the Washington Huskies suffered their third SCVAL setback last week, losing to Los Gatos 13 to 1. The local nine committed eight miscues to aid the Cats' cause.

The Cats scored twice in the first on three errors.

The Malemutes retaliated in the bottom of the first and scored their lone run of the game. Ed Romero, Tony Nieves and Vern Perry each collected singles in the inning Perry drove in the run.

The Los Gatos collected a lone run in the second and four more in the third on two more miscues. Bob Greene poled out a 3-run homer for the Cats in the big fourth.

In the seventh Chuck Stewart staged another 4-run inning with a grand-slam homer.

The Huskies collected nine hits during the contest but were never able to bunch them.

Bob Hird, who started on the mound, suffered his first SCVAL defeat.

The Huskies now have a 3-win 3-loss record in league play.

## BEARCATS OPEN SUNDAY AGAINST SAN JOSE NINE

Centerville's Bearcats, flaunting their Winter League hardball pen-Stan Roderick of Newark, and day against the speedy Envelope Club nine from San Jose.

The game is scheduled for noon at Washington High park, according to Manager Frank Mayer.

Behind the slugging of Shortstop Don Lemos of Niles, First Baseman Stan Roderick of Newark, and Harold Faria of Alvarado, the Centerville 'cats trounced 10 East Oakland clubs in straight contests to garner the Winter League crown.

Mayer is pleased to have his old stars back again—especially the redoubtable Roderick, whose hefty batting pulled no less than six of the games out of the fire in the closing frames.

Mayer's chief worry at the moment is finding a pitcher or two to back up Decoto's John Garcia.

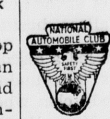

The Bearcats' next match is the following Sunday—a traditional at San Quentin against the prison nine.

Civil Defense is as vital to the nation's security as its Army, Navy, and Air Force.

—MAKE SAFE DRIVING A HABIT...CHECK YOUR TRUCK...CHECK ACCIDENTS—

When you pay your telephone bill, about 28 cents of each dollar goes for taxes.

## How much tax in your telephone bill?

When you pay your telephone bill each month, an important part of your money is passed on in taxes to the Federal Government and to state, county and city governments. Naturally, we expect to contribute our fair share of the cost of government...but because taxes now account for such a large portion of the cost of service, we feel we should report about them to you who, as telephone customers, have to pay them.

Your telephone is taxed in two ways: One, through the operating taxes we pay to run the business—income taxes, property taxes and the like. In 1951 these came to \$81 million for Pacific Telephone, an all-time high. Two, by Federal excise levies you pay on local and long distance service. Last year we collected more than \$70 million in excise taxes from our customers and turned it over to the Bureau of Internal Revenue.

## Your telephone is one of today's best bargains

In spite of sharp increases in taxes, wages, materials and other costs of providing service, we've been able to hold down the prices you pay for service...hold them so low, in fact, that the telephone today is one of the best buys in any budget.

**Pacific Telephone**

To give you some idea of the size of our tax bill, it is estimated that the total excise and operating taxes we paid in 1951...\$152 million...could have supported all the 131 schools of higher education in California. In terms of the average telephone, this is \$35 per telephone per year...\$2.92 per month. Twenty years ago the average was 53 cents a month.

## FIRST-AID CLASS OPEN TO PUBLIC

To meet state requirements that bus drivers must be qualified first-aid specialists, township schools will hold special first-aid classes during the next few weeks and the public will be able to take advantage of the program.

The classes will be held at Washington Union High School from 7 to 9 p.m. on the following dates, according to Vice-Principal Warren E. Gravestock:

May 21, 22, 26, 27, 28, 29, June 2, 3 and 4.

The state ruling caught several Township schools with drivers whose first-aid certificates will expire before regularly-scheduled classes can be offered in the fall. Thus the public will be able to attend the special classes starting next week, Gravestock explained.

## W.U.H.S. VODVIL FIRST-RATE SHOW

By MAY LEGRO

A musical revue alone is appealing. When you add young faces and fresh voices, colorful costumes and imaginative settings, you come up with tops in entertainment. That is exactly what Washington High did last week at its annual Vodvil revue.

The show took the form of a telecast whose producer dreamed that the Ghost of Vaudeville called him to account. For his rebuttal he put on a talent parade that ran for two hours.

A "take-off" on old-time movies was the artistic success of the revue. With its black-and-white theme and the stilted, symbolic movements of modern dance, this gem would strike envy into the heart of Agnes De Mille. Those taking part were Alice Hale, Bonnie Anderson, Valeria Correa, Elizabeth Flores, Frank Richmond, Jerry Pimentel and Paul Thomsen.

It seemed more than a coincidence that the same Paul Thomsen appeared in the show's popular success, the "Western," Crisco Kid and Paunchio so well mounted on handsome "horses" out-rode and out-shot Hollywood's hammiest effort. Nancy Lloyd appeared as the winsome Anastasia. Others were James Andrade, Bill Burford, Dan Owens, Gene Mayer, Bob Lewis, Mel Pimentel and Don Harris.

From the rhythm of the first song to the Sophomore Double Sextette until the closing song by the same girls, a Spanish note ran through the selections. The Mexican Hat dance, a classic Spanish dance by Madelyn Hernandez, and the Valentino Tango by Ida Panigagua and Jack Ferraris, carried this romantic tone. Spanish songs and piano selections were presented by the double sextette, the Cerutti brothers, the Senior trio, and ably accompanied by the dance band.

Other specialty acts were performed by the Junior trio, Wanda O'Mara, Margaret Nunes and Joyce Castro, Gene Silva and Richard Bush, Marilyn Walker, and the "Night-and-Day" quartet. The special dances were a tap dance routine, the "Goo-fus," the "Dixie Doodle," the Charleston, and the Varsity Drag. Stella Carnell and Pat Bettencourt were knock-outs, as were the two M.C.'s, Renee and Mel Pimentel. Jessie Sausedo sounded like a not-so-hard Kay Starr. Good male vocalists were Bete Coronado, Emil Carpentio and Merle Peixoto. The piano quartet did well.

All the skits were laugh-raisers, the music hit the spot, and Vodvil isn't dead at all!
